PROFESSIONAL SUMMARY

Motivated Full-Stack Web Developer with experience building responsive and user-friendly web applications using frontend, backend, database, and UI/UX technologies. Skilled in JavaScript, React, C#, ASP.NET MVC, PHP, Laravel, MySQL, and responsive design principles. Strong problem-solving abilities with a passion for continuous learning, collaboration, and developing clean, maintainable digital solutions.

TECHNICAL SKILLS

Frontend: HTML, CSS, SASS, JavaScript, jQuery, React, Tailwind CSS, Bootstrap, WordPress

Backend: C#, .NET, ASP.NET MVC, ADO.NET, PHP, Laravel, Python

Databases: SQL, T-SQL, MySQL, PostgreSQL, Microsoft SQL Server

UI/UX: Figma, Wireframing, Prototyping, User Testing, Responsive Design

PROJECTS

HappyCups Coffee Ordering System — C#, ASP.NET MVC, SQL Server, ADO.NET

- Developed a full-stack coffee ordering application featuring user authentication, role-based access, product management, and order tracking.

FundFairy Donation Platform — PHP, Laravel, PostgreSQL, Tailwind CSS

- Collaborated on a team-based donation platform that enables users to create campaigns, manage contributions, and support community fundraising initiatives.

Little Light Moments — WordPress, Elementor, WPForms

- Designed and developed a responsive photography business website featuring service showcases, online inquiries, and client booking functionality.

PROFESSIONAL EXPERIENCE

Freelance Web Developer | Oct 2025 – Present

- Developed and maintained responsive, user-friendly websites for clients, customizing website functionality and user interfaces to meet business needs. Collaborated with clients to gather requirements, provide technical solutions, and deliver high-quality web experiences.

Graphic Designer & Media Specialist | Aug 2022 – Present

Mountain of the Lord Church of the Nazarene

- Designed event posters, invitations, social media graphics, and promotional materials for community and special events. Created engaging video content and digital media campaigns to increase event awareness and audience participation while collaborating with event organizers to develop marketing materials that effectively communicated event information and increased audience engagement.
